Nothing about the acquisition of S.No 2 of Mandya Town

From

The D C Mandya Dist

No CA C 400/1424 dt 14-6-1963

Requests, in the circumstances stated that the proposal to acquire an extent of 5 acres and 15 guntas of land out of S No 2 in Mandya Town required for the town extension may be dropped as the place is not suitable for the construction of dwelling houses.

2) It reported that the plot of land was originally required for the construction of the Girls Middle School, Mahila Seva Samaja, Girls Primary school as per day out proposed by Mr Kumbagol As the Mahila Seva Samaja has already its own building which is proposed to construct the other two buildings viz the Girls Middle School and the new Primary Girls school at the place in pursuance of the instructions of the Education Minister. Separate proposals for the acquisition of the plot for these institutions have been processed

3) In view of these facts the D C has recommended the withdrawal from the acquisition of the plot, which is proposed by the Mandya Town Municipal Council to be acquired for the town extension. It further stated that the plot of land is not suitable for putting up dwelling houses.

4) The Mandya Town Municipal Council has however not agreeable to withdraw from the acquisition of the land in respect of which

7620/R

Withdrawal from acquisition of Mandya

Continuation Sheet 2nd File No / Current No

of 42 Page

preliminary notifications have already been published in the Gazette

7860/L

4) A petition has been received from the Vice-President & some of the members of the Mandya Town Municipal Council protesting against the withdrawal of the acquisition proceedings has also been received and a report has been called for from the D.C. separately

5) In view of the facts stated above I submit for orders of the proposal to acquire the plot of land required for the town scheme may be dropped as recommended by the D.C.

27/6 As proposed no action need be taken on this proposal and the report called for from the D.C. in another connection if necessary. The petition addressed to Government has been called for separately as directed by the Minister Leg & P.H.

Acquisition of Plot 2 at Maudza dem
165/L

Continuation Sheet | File No / Current No 111 | of 42 | Page 5

from the D.C. Maudza
with letter of 4.7.43 forwarding the report
of the circumstances under which the
Requisition proposed to be withdrawn
(1) for the circumstances
explained by the D.C's recommendation
to withdraw from the Acquisition in
full and to reject the petition of
the Municipal Councillors & forwarded
herewith are returned herewith also which
should be forwarded
to the [illegible] Secretariat with no L 10719/vol
9/7. 10th
Notice under S. 7(2) of 1543 was
published in the Gazette to the effect that
5 acres 15 perches of land would be acquired
for the Maudza 2nd Extension The
final declaration statements have not
yet returned
13. In the meanwhile the D.C Maudza
has recommended the withdrawal from
acquisition of said land on the
ground that it is required for the
purposes of the Education Department for
the construction of the new Girls' Primary
School etc
and 14. The Maudza Council have
deposited that amount required for the payment
of Compensation of the land in question to the
extent of Rs 1554/61 As the land was

proposed to be acquired for a municipal purpose, the Mcel is not now willing to withdraw from the acquisition of the said land

15 Association was received from certain Municipal Councillors protesting against the withdrawal from acquisition of the above Primary School and a report was called for from the DEO regarding PUD II The DEO states that the land was selected by the Ministry of Education, that it was handed over to the Pu pending formal acquisition proceedings of the building is also in progress. He considers that attitude of the Mcel in having moved for acquisition of land which had been earmarked for purpose in the Zonal Layout plan and in withdrawing the proceedings when informed of the actual purpose is quite correct & the present objection is untenable

The DEO has forwarded separate proposals in which certain under Sec 17 of the Act for acquiring the said land for the Construction of the above Primary School can be taken on the lines of the previous note as withdrawn

16 The point for consideration in this case is whether the acquisition initiated for which the Mcel

Council have always deposited the Compensation amount could be withdrawn as against its restriction as recommended by the D.C.

17 Objection was taken to the Municipal Council moved for the acquisition of this land even though it was reserved for a special purpose It maybe so but the preliminary notice issued thereto by the Collector and before submitting the same to Govt. what was not the Town Planning Officer consulted and the fact of such reservation intimated to Govt. or the papers could be sent back to the Municipal stating that no recommendation could be made to Govt. for its acquisition? If this had been done, there would have been no trouble at all further it was not known whether there are several layout plans prepared in different years wherein this particular request refers. It will seem worthwhile to get the above information before taking further action.

First order, Reference to the Director of Town Planning, Madras for report

Lawley 13/7/63

(18) Why does the Municipal Council insist for the acquisition of the property? Is the site for School? What is the objection of the Municipal Council to cancel

SECY LAW DEPT 18/6/43 Ans 3 COMMR OF MYSORE

To

C Narayanaswamy Naidu, Esq , B A , B L ,
Secretary to Government, Law Department,
BANGALORE

Sir,

Acquisition of S No 2 of Mandya required for Mandya Town Improvement

I have the honour to enclose herein the file of papers ending with report No G A C 21/42 dated 12-6-43 from the Sub - Division Officer, Mandya submitting proposals for the cancellation of the previous proposals made for the acquisition of the above land and to state as follows

As could be seen from the lay out plan prepared by Mr Krumbegal and countersinged by my predecessor in office Mr B S Raghavendra Rao, and the then Executive Engineer, Mr B S Narasinga Rao, S No 2 in question is meant for the construction of the Girls' Middle School, Mahilaseva Samaja, Girls' Primary School etc

As these buildings were not constructed for various reasons the Town Municipal Council, Mandya, sent the requisition for acquisition of the said proerty . Preliminary notification was got published as per G O No L 10719/ML 21-42-37 dated 1-5-43

In the meanwhile it was found that the site point X selected for the building of Urdu Girls Primary School was not convenient xx and the Honourable Minister for Education was pleased to inspect the spot and to instruct that the Urdu Girls' Primary School, be constructed at the Point 'B' and the Girls Middle School be constructed in the place meant for the Mxxx Mahila seva Samaj, as this instruction has already its own building The Municipal Council was, therefore, requested to give their consent to the withdrawal of the property from acquisition . The Municipal council ~~was therefore, requested to give their Consent~~ at their meeting held on 30-5-1943 have resolved that the proceedings cannot be withdrawn The Municipal Council was not right in the first instance, to have moved for the acquisition of the area earmarked for a special purpose in the town lay out and having done that, their refusal to ~~attend~~ accord the withdrawal of the acqui-

P T O

acquisition proceedings now appears to be inequitable Institutions on the other side point ' A' Urdu Boys' Middle School has already been constructed, and the Central open space has already been acquired for the play ground to the High School, and as such the land in question is not fit for the construction of dwelling houses a purpose for which the Municipal Council propose to acquire the area

In view of these facts I request that the proposals previously made for acquisition of S No 2 in the Municipality may kindly be ordered to be cancelled, and the fact published in the Mysore Gazette

Five spare copies of the Notification may kindly be arranged to be sent to the Sub Division Officer, Mandya from the Government Press direct

Records accompany

I have the honour to be

To

The Hon'ble Local Self Government Minister

Bangalore

Respected Sir,

We the undersigned citizens of Mandya, beg to bring the following few lines to your favourable consideration and early orders.

That it has been resolved by the Mandya Municipal Council to acquire Survey No 2 belonging to Mandya town situated to the south of Town hall for lungs space The required compensation amount has been deposited by the Municipality long back

Recently there was a communication by the Deputy Commissioner to withdraw the acquisition proceedings as there was a proposal to construct the Urdu Girls' School in the same land The matter was placed before the council and a resolution was passed that they are not agreeable for the withdrawal of the acquisition

Now it is surprising to note that the construction of the work has been commenced and rapidly progressing

Hence we pray that a stay order may kindly be issued to stop the construction to enable us to submit our representation in this matter

We beg to remain,
Respected Sir,
Your most obedient servants,

Re Acquisition of S No 2 of Mandya Town

7860/4

With reference to your letter No L 12697-Ml-120-42-208 dated 29th June 1943 calling for a report on the petition presented by N A Singlachar, Vice-President, Mandya Municipal Council and some of its members regarding the withdrawal from the acquisition of S No 2 of Mandya Village originally notified as required for Town improvement, I have the honour to invite the favour of your reference to my letters of even number dated 15-6-1943 and 4-7-1943 wherein the circumstances in which the withdrawal of the acquisition proceedings starte at the instance of the Town Municipal Council, Mandya, and reacquisition of the area for the Education Department rendered necessary have been explained in details. The Site in question had been earmarked for Girls' Primary School in the Town layout but the Municipal Council appear to have moved for the acquisition of the area for Town improvement without taking into consideration its allocation in the lay out plan, or even bringing it to the notice of the Acquisition Officer its assignment for a definite purpose

The Urdu Girls' School was being constructed in a line with the new site, right in front of the area reserved for the construction of Sri Gopalakrishnaswami temple and on the representation of the Mohamedan public of Mandya which was

was submitted to the Minister for Education, he was pleased to inspect the site on 25-5-1943 and directed that further construction work might be stopped and action taken to put up the building in the site allocated for the Girls' Primary School building in the Town layout, with a view to avoid any possible communal tension later on Action has been accordingly taken to withdraw the acquisition proceedings initiated in favour of the Town Municipal Council in respect of this area and to acquire the same for the Educati Department The Municipal Council having refused to agree to the withdrawal of the area from acquisition inspite of having been apprised of the reservation of the site for the Girls' Primary School in the Mandya Town layout plan it was considered necessary to recommend for withdrawal of the area from acquisition As the Executive Engineer, Mandya, Division, stated that a heavy grant of Rs 8,000 provided for the building of the Primary & Urdu Girls' School would lapse if not utilized before the close of the official year, and requested that the site selected by the Minister for Education may be handed over, the Public Works Department was put in possession of the land pending formal acquisitio proceedings, and the work of the building is progressing The Dewan of Mysore when he visited Mandya on the morning of 30th June 1943 was pleased to inspect the site in question As such the Mu icipal Council, Mandya was not right in the first instance to have moved for the acquisition of the area earmarked for a special purpose, in the town lay out plan, and their refusal to withdraw the acquisition proceedings even when they were informed that the site was meant for a definite purpose as marked out in the layout plan of the Town, and their present objection in this connection seems to be untenable

I have the honour to be,
Sir,
Your most obedient servant,
Amir Jafar Imam

Sir,

Urdu Girls' School building at Mandya
construction of
***

In continuation of my letter No G A C 40/42-43 dated 4-7-1943, reporting on the petition of Mr N A Ak Singachar, Vice-President, Mandya Municipal Council and some of its members regarding the withdrawal from the acquisition of S No 2 of Mandya village originally notified as required for Town Improvement, I have the honour to forward herewith a copy of a resolution passed at a special meeting of the Municipal Council held on the 29th June1943, received with correspondence ending with letter No L A R 2/42-43 dated 9th July 1943, (copy of which is enclosed for reference), wherein the Municipal Council have resolved that the Goverment be requested to stop the construction of the Urdu Girls' School building at the present place and that in their opinion the Assistant Engineer's quarters situated to the south of the Taluk Office building is suitable and convenient"

This resolution of the Municipal Council does not seem to have been based on a full knowledge of all the facts connected with the case, while the petition of some of the members of the Council presented only a few days before on 25-6-1943 to the Government was pending reply, on 28-6-43 some 8 members submit a proposition for special General meeting which is convened immediately for the very next day, viz , on 29-6-43 The notice is circulated the same day 28-6-1943 among all the members except eight as noted in

stated No 1, enclosed with the President's letter The meeting is held on 29-6-1943 and resolution passed for stopping construction of the School building at its present place and even suggesting a separate place, a Government building, for the location of the school without even making enquiries as to its suitability and availability

In the resolution referred to, the Municipal Council have referred to two matters viz , the construction of the Urdu Girls' School building at its present place by the Executive Engineer without consultation of the Municipal Council and the suitability of the Assistant Engineer's quarters near the Taluk Office for the location of the school in lieu of the present place In both these matters, if any Municipal Councillor had anything authoritatively to state, it was the Executive Engineer It was he that could state if the Assistant Engineer's quarters suggested by the members for the location of the school was or was not suitable and available and it was he that could explain the circumstances under which the present site was fixed upon by Government and give his technical advice as to the relative suitability of the two places Whatever might have been the resolution of the Municipal Council, even if the Executive Engineer had been present and explained the circumstances, his technical opinion would have been recorded in the proceedings and ould have been of much value in giving effect to the resolution

Further the Executive Engineer could have brought to the notice of the Municipal Council, that Government had kindly sanctioned a sum of Rupees eight thousand for the construction of a ne Urd Primary Girls' School building But it is seen from the President's letter

that the proceedings of the Council have been conducted in undue hurry and there was even no time to serve the notice of the meeting on as many as 8 and the important member viz , Executive Engineer whose opinion in the matter would have considerable weight in the Council and whose action was being questioned was neither served nor was present In these circumstances,ø it is for the consideration of Government if the non-service of the notice on the Executive Engineer and some of the other members is not an irregularity which has prejudicially affected the proceedings of the Municipal Council If Government agree that it is such an irregularity, I request that the proceedings of the Mandya Municipal Council held on 29-6-1943, may kindly be declared invalid under para 2 of Section 36(1) of the Town Municipal Act

I have already detailed in my letter No G A C 40/42-43 dated 4-7-43 how the Municipal Council was not right in the first instance to have moved for the acquisition of the area ear-marked for a special purpose in the town layout plan and now their refusal to withdraw the acquisition proceedings even when they were informed that the site was me nt for a definite purpose was untenable The Council have not given any other valid reason as to hy the building should not be located in the spot now chosen

In this connection I beg to bring to the notice of Government that the original acquisition proceedings instituted at the instance of the Municipal Council mentioned that the land was required for Town Improvement and even in the presented by the Vice-President and some of the members of the Council on 25-6-1943 to the Government the land is stated to be required for lung space But in their present resolution of 29-6-1943, the Council have gone further and have suggested that they intended constructing a Municipal building at the spot The attitude of the Councillors seems to be thus inconsistant The land was evidently intended by the Municipal Council for Town improvement and construction of a Government buildings at the spot at a heavy cost of R 8,000/- would cer-

19

certainly be an act of Town Improvement Judging from
t i point of vie/ too, the resolution of the Municipal
Council does not appear to be sound

I have the honour to b
